Anti-Capitalism

Ezequiel Adamovsky

Anti-Capitalism Ezequiel Adamovsky

In *Anti-Capitalism*, activist and scholar Ezequiel Adamovsky tells the story of the long-standing effort to build a better world, one without an abusive system at its heart. Backed up by arresting, lucid images from the radical artist group United Illustrators, Adamovsky details the struggle against rising corporate power, as that struggle unfolds in the halls of academia, in the pages of radical newspapers, and in the jungles and the streets. From Marx through the Battle of Seattle and beyond, Adamovsky traces the beliefs and politics of the major figures in the anticapitalist tradition and explores modern experiments in building different ways of living, in the process providing an indispensable primer for anyone interested in finding alternatives to the so-called "best system we have"—and anyone interested in joining the fight.
