Occupational Health Nursing Care Guidelines

Occupational Health Nursing Care Guidelines

This comprehensive reference is designed for nurses and other professionals working in the occupational health setting. The guide contains overviews of 300 medical and mental health problems commonly seen in the work setting, including such conditions as burns, alcoholism, back pain and preventive screening protocols for diseases like breast cancer and hypertension. Each entry includes a definition and/or contributing factors, signs and symptoms, generally accepted treatment, and guidelines for consultation or referral and follow up. Entries are arranged alphabetically and are cross-referenced.
