Ranald S. Mackenzie on the Texas Frontier Ernest Wallace

Colonel Ranald Slidell Mackenzie, young cavalryman who had achieved amazing record during the Civil War perhaps more than any other was responsible for the quick and final subjugate of the Indians. Although his campaign on the hitherto unexplored Southern Plains and his raids across the Rio Grande border won for him the respect and admiration of his superiors and subordinates and the plaudits of the Texans his day, within a single lifespan the "Fighting Colonel" had become hardly more than a legend. Neither the professional nor the lay historians have be able to piece together the story of his activities in Texas, possibly because the most important of his brief reports lay undiscovered in the National Archives. It is the purpose of this book to tell the long-overdue story of Mackenzie on the Texas frontier, a significant chapter in the history of the American West.
