## **Two for the Road, Making Love and Music in the Sixties and Seventies** Pamela Windo

A decade ago Pamela ("Pam") Windo sat down to write about the gifted musician who transformed her life. She chronicled the facts and dates and famous names relating to his life in music, but felt that she did not fully capture his spirit. She went on to another attempt but this proved to be a Pandora's Box of their two lives, and so she abandoned it also. This memoir that she finally wrote is a portrait and a love story, two lives entwined since childhood, with different dreams but the same search for freedom. Rather than a romantic reminiscence, she has tried to give a true account of the man he was, a man both of the times and ahead of them. With her husband's memory as muse, Pam Windo has stepped back into the years of music she shared with Gary Windo in the Sixties and Seventies, to the successes and fiascos, to the trials of being an artist and mother, to the exhilaration of the women's movement, and the sexual challenges of an open marriage.
