*“Only that which is attained through effortlessness will never be a burden to you.”* That is the message of the renowned Indian philosopher Osho, one of the 10 people (others include Gandhi, Nehru, and Buddha) said to have changed the very destiny of his nation. This previously little-known study—a true classic of interpretation—presents his distinctive and highly illuminating exploration of Taoism. Osho offers penetrating commentary on the stories of Chinese philosopher Chuang Tzu, the tradition's founder, as well as inspirational anecdotes on the quest for love, spiritual understanding, and true happiness. The powerful combination of Taoist wisdom and Osho's insightful interpretation make this a true gem, appropriate for the growing audience interested in Eastern thought.
