*Teaching Leadership* provides guidance for leadership educators in a variety of organizational and community contexts and across academic disciplines. An experienced leadership educator, Crosby promotes an inclusive vision of leadership that recognizes the inherent leadership potential in everyone. Featuring interviews with 25 respected leadership educators, *Teaching Leadership* complicates and enriches the leader-follower dichotomy to advance a holistic and practice-oriented model of leadership education. Using the metaphor of 'heart, head, and hands,' Crosby shows how authentic leadership is an embodied practice based equally in emotional, intellectual, and experiential learning.
