The New Gothic: Don't Embrace the Darkness. Fear It. Damien Kelly

The Gothic is the most enduring literary tradition in history, but in recent years friendly ghosts and vegetarian vampires threaten its foundations. *The New Gothic* is a collection of short stories which revisits the core archetypes of the Gothic—the meandering, secret-filled building; the stranger seeking answers; the black-hearted tyrant—and reminds us not to embrace but to fear the darkness. A dozen tales of terror fill this anthology, including work by Jesse Bullington, SJ Chambers, Richard Dansky, and an original, never-before-seen story from the godfather of modern horror, Ramsey Campbell, among many more.
