The Phoenix and the Carpet Edith Nesbit

The four children acquired the magic carpet when they found a special fire egg — it hatched in their nursery fireplace. The phoenix came from the egg, and when he saw their mother's new Persian rug, he showed them that it was a magical thing — a flying carpet that would take them any time and that place they could wish for. Witty, genuine, full of timeless sympathy and childish sensibility, *The Phoenix and the Carpet* offers a special ride through wonders for children of all ages.
