The Army Chaplain's Manual, Designed As a Help to Chaplains in the Discharge of Their Various Duties (Classic Reprint) Jonathan Pinkney Hammond

The author has been induced to offer this book to his brother chaplains in the hope of. supplying a want which has been long felt in the chaplains department of the army. In the absence of all army regulations defining the duties of chaplains, much difficulty has at times been experienced in determining the exact routine of labor which, in addition to the public religious services of the camp or hospital, would render the chaplain most useful to those intrusted to his spiritual care. To offer a few suggestions, and to point out certain channels of usefulness which experience has proved to be effective, is the design of the author in the following pages.

(Typographical errors above are due to OCR software and don't occur in the book.)
