Do you know how to take notes, write a perfect essay, budget time and money, and avoid common college mistakes?

Unlike most books in this genre, this guide is written by four college roommates: two Engineers, a Chemist, and a Political Scientist. Each reached the pinnacle of college success by following an unique path, resulting in a variety of strategies to help every student, current or future.

The Field Guide to College Success:

- Is actually fun to read.
- Is written by students, not stuffy professors.
- Contains thoroughly tested advice.
- Gives shocking results.

This book is funnier than an out of shape stalker, (much) easier to read than the US Tax Code, and more useful than all the amateur advice you've heard so far. Take control, learn the secrets, and find your path to college success.
