The Global Testing Culture: shaping education policy, perceptions, and practice (Oxford Studies in Comparative Education)

The Global Testing Culture: shaping education policy, perceptions, and practice (Oxford Studies in Comparative Education)

The past thirty years have seen a rapid expansion of testing, exposing students worldwide to tests that are now, more than ever, standardized and linked to high-stakes outcomes. The global testing culture permeates all aspects of education, from financing, to parental involvement, to teacher and student beliefs and practices. The reinforcing nature of the global testing culture leads to an environment where testing becomes synonymous with accountability, which becomes synonymous with education quality. This book problematizes this culture by providing critical perspectives that challenge the assumptions of the culture and describe how the culture manifests in national contexts.

CONTENTS

William C. Smith. An Introduction to the Global Testing Culture

THE GLOBAL TESTING CULTURE AND THE INTERNATIONAL EDUCATION AGENDA

D. Brent Edwards Jr. A Perfect Storm: the political economy of community-based management, teacher accountability, and impact evaluations in El Salvador and the global reform agenda

Elmer August:

Would you one of the book lovers? If yes, do you ever feeling doubt when you find yourself in the book store? Make an effort to pick one book that you find out the inside because don't judge book by its handle may doesn't work this is difficult job because you are afraid that the inside maybe not because fantastic as in the outside appearance likes. Maybe you answer is usually *The Global Testing Culture: shaping education policy, perceptions, and practice (Oxford Studies in Comparative Education)* why because the wonderful cover that make you consider regarding the content will not disappoint you. The inside or content is usually fantastic as the outside or perhaps cover. Your reading sixth sense will directly guide you to pick up this book.

Bryan Lopez:

As we know that book is significant thing to add our information for everything. By a e-book we can know everything we really wish for. A book is a group of written, printed, illustrated or blank sheet. Every year was exactly added. This book *The Global Testing Culture: shaping education policy, perceptions, and practice (Oxford Studies in Comparative Education)* was filled with regards to science. Spend your time to add your knowledge about your science competence. Some people has different feel when they reading some sort of book. If you know how big benefit of a book, you can truly feel enjoy to read a guide. In the modern era like now, many ways to get book which you wanted.

Williams Carter:

As a scholar exactly feel bored to reading. If their teacher inquired them to go to the library or even make summary for some guide, they are complained. Just little students that has reading's heart or real their hobby. They just do what the instructor want, like asked to the library. They go to there but nothing reading critically. Any students feel that examining is not important, boring along with can't see colorful pics on

there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this The Global Testing Culture: shaping education policy, perceptions, and practice (Oxford Studies in Comparative Education) can make you really feel more interested to read.
