## English Language Education Policy in Asia (Language Policy)

This volume offers comprehensive 'state-of-the-art' overviews of educational policies concerning the teaching of English in a large number of Asian countries. Each contribution is written by a leading expert and gives a clear assessment of current policies and future trends. Starting with a description of the English education policies in the respective countries, the contributors then delve into the 'nuts and bolts' of the English education policies and how they play out in practice in the education system, in schools, in the curriculum, and in teaching. Topics covered include the balance between the acquisition of English and the national language, political, cultural, economic and technical factors that strengthen or weaken the learning of English.
