Story: The Way of Water Story

Story Musgrave has an insatiable passion for life. From his childhood on a dairy farm in western Massachusetts, to payload commander on the Hubble Space Telescope rescue mission, share Story's incredible physical and spiritual journey as he relates to the world, and the universe, around him. Based on a thematic biographical style, this intimate portrait of one of the world's greatest thinkers, explorers and aviators is revealed through the eyes of Story himself, his family, friends and colleagues. Story is an American hero, renaissance man and, arguably, NASA's greatest unofficial spokesperson - certainly one of the few with real vision and authenticity. This book has wide appeal to a variety of audiences. It is a human journey which happens to take place largely within the framework of the space program, but also encompasses themes such as mechanics, flying, nature, spirituality and humanity.
