## The Definitive ANTLR 4 Reference Terence Parr

Programmers run into parsing problems all the time. Whether it's a data format like JSON, a network protocol like SMTP, a server configuration file for Apache, a PostScript/PDF file, or a simple spreadsheet macro language--ANTLR v4 and this book will demystify the process. ANTLR v4 has been rewritten from scratch to make it easier than ever to build parsers and the language applications built on top. This completely rewritten new edition of the bestselling *Definitive ANTLR Reference* shows you how to take advantage of these new features.

Build your own languages with ANTLR v4, using ANTLR's new advanced parsing technology. In this book, you'll learn how ANTLR automatically builds a data structure representing the input (parse tree) and generates code that can walk the tree (visitor). You can use that combination to implement data readers, language interpreters, and translators.

You'll start by learning how to identify grammar patterns in language reference manuals and then slowly start building increasingly complex grammars. Next, you'll build applications based upon those grammars by walking the automatically generated parse trees. Then you'll tackle some nasty language problems by parsing files containing more than one language (such as XML, Java, and Javadoc). You'll also see how to take absolute control over parsing by embedding Java actions into the grammar.

You'll learn directly from well-known parsing expert Terence Parr, the ANTLR creator and project lead. You'll master ANTLR grammar construction and learn how to build language tools using the built-in parse tree visitor mechanism. The book teaches using real-world examples and shows you how to use ANTLR to build such things as a data file reader, a JSON to XML translator, an R parser, and a Java class->interface extractor. This book is your ticket to becoming a parsing guru!

### What You Need:

ANTLR 4.0 and above. Java development tools. Ant build system optional(needed for building ANTLR from source)

### From reader reviews:

#### James Williamson:

Book is usually written, printed, or outlined for everything. You can understand everything you want by a publication. Book has a different type. We all know that that book is important factor to bring us around the world. Alongside that you can your reading talent was fluently. A book The Definitive ANTLR 4 Reference will make you to always be smarter. You can feel considerably more confidence if you can know about every little thing. But some of you think this open or reading a book make you bored. It is not necessarily make you fun. Why they might be thought like that? Have you seeking best book or acceptable book with you?

#### Maria Trussell:

What do you consider book? It is just for students because they are still students or that for all people in the world, exactly what the best subject for that? Just you can be answered for that question above. Every person has diverse personality and hobby for every other. Don't to be obligated someone or something that they don't need do that. You must know how great along with important the book The Definitive ANTLR 4 Reference. All type of book is it possible to see on many resources. You can look for the internet solutions or other social media.

#### Latonya Sams:

Do you one of people who can't read enjoyable if the sentence chained inside straightway, hold on guys this aren't like that. This The Definitive ANTLR 4 Reference book is readable simply by you who hate those perfect word style. You will find the facts here are arrange for enjoyable studying experience without leaving possibly decrease the knowledge that want to offer to you. The writer regarding The Definitive ANTLR 4 Reference content conveys the idea easily to understand by most people. The printed and e-book are not different in the content material but it just different such as it. So , do you nevertheless thinking The Definitive ANTLR 4 Reference is not loveable to be your top record reading book?

#### Orville Hightower:

Reading a publication tends to be new life style in this era globalization. With studying you can get a lot of information that may give you benefit in your life. Together with book everyone in this world can share their idea. Ebooks can also inspire a lot of people. Plenty of author can inspire their very own reader with their story or even their experience. Not only the story that share in the textbooks. But also they write about the information about something that you need example. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors on this planet always try to improve their expertise in writing, they also doing some exploration before they write on their book. One of them is this The Definitive ANTLR 4 Reference.
