Doctor Who And The Tomb Of The Cybermen Gerry Davis

The Cybermensilver, indestructible monsters whose only goal is power seem to have disappeared from their planet, Telos. When a party of archaeologists, joined by the Doctor, Jamie, and Victoria, land on the Cybermens barren, deserted planet, they uncover what appears to be their tomb. But once inside it becomes clear that the Cybermen are not dead, and some in the group of archaeologists desperately want to reactivate these monsters! How can the Doctor defeat these ruthless, power-seeking humans and the Cybermen? Michael Kilgarriff, who played the Cyber Controller in the original BBC TV serial, reads Gerry Davis complete and unabridged novelization.
