Two Treatises of Government (Focus Philosophical Library) John Locke

Designed to serve the needs of students confronting Locke's political thought for the first time, Lee Ward's edition offers a faithful text of *Two Treatises of Government* with modernized spelling and punctuation. Its Editor's Introduction outlines the main arguments of these works, illustrates the conceptual thread uniting the less frequently read *First Treatise* with the far more famous *Second Treatise*, and locates Locke's work amid the turbulent constitutional battles of 1690s England. Helpful notes at the foot of the page, a Thematic Index, and an up-to-date Bibliography are also provided.
