## **Prevention, Fishing & Casing Repair** J. A. Short, James A. Short

This revised and updated edition emphasizes prevention, safety, efficiency and horizontal/directional aspects of fishing and casing. With increased operating detail, it goes beyond explaining fishing by focusing on prevention. In addition to revisions of all technological aspects, the chapters are reorganized affording the reader a more accessible reference tool. New material includes discussion of formation-related problems causing fishing, as well as their effect on fishing; plug back and side track; fishing tools and operation; and new mills and improved overshots and back-off subs. Numerous examples and illustrations are also included for easy use and understanding.
