## **A New History of the Picts** Stuart McHardy

When the Romans came north to what is now modern Scotland they encountered the fierce and proud warrior society known as the Picts, who despite their lack of discipline and arms, managed to prevent the undefeated Roman Army from conquering the northern part of Britain, just as they later repulsed the Angles and the Vikings. *A New History of the Picts* is an accessible true history of the Picts, who are so often misunderstood. New historical analysis, recently discovered evidence and an innovative Scottish perspective will expose long held assumptions about the native people. This controversial text contests that Scottish history has long since been dominated and distorted by misleading perspectives. *A New History of the Picts* discredits the idea that the Picts were a strange historical anomaly and shows them to be the descendants of the original inhabitants of the land, living in a series of loose tribal confederations gradually brought together by external forces to create one of the earliest states in Europe: a people, who after repulsing all invaders, merged with their cousins, the Scots of Argyll, to create modern Scotland. All of Scotland descends from the fierce Picts.
