Essential Statistics (2nd Edition) Robert N. Gould, Colleen N. Ryan, Rebecca Wong

This book is ideal for a one-semester course in statistics, offering a streamlined presentation of Introductory Statistics: Exploring the World through Data, by Gould/Ryan.

Exploring the World through Data

We live in a data-driven world, and the goal of this text is to teach students how to access and analyze these data critically. Authors Rob Gould, Colleen Ryan, and Rebecca Wong want students to develop a "data habit of mind" because learning statistics is an essential life skill that extends beyond the classroom. and Regardless of their math backgrounds, students will learn how to think about data and how to reason using data. With a clear, unimimidating writing style and carefully chosen pedagogy, this text makes data analysis accessible to all students.
