"Science fiction and horror fans alike will anxiously race toward this journal's end ... and eagerly request the next installment." *Publishers Weekly*

In the days of the bloodless, a healthy human is a vampire's most valuable resource. But they are in short supply and Vincent Du Maurier is hungry. Evelina could be the last human being alive--and she's pregnant--which makes her situation most inconvenient for Vincent. As he struggles to keep her and her unborn child from both the growing population of bloodless and his own kin, he faces the most difficult choice of his long life -- whether to give in to his hunger and risk a destiny more bleak than Hades, or deny his nature and become something far worse than dead ... a compassionate vampire.
