Expert JavaScript (Expert's Voice in Web Development)

Mark E. Daggett

Expert JavaScript (Expert's Voice in Web Development) Mark E. Daggett

Expert JavaScript is your definitive guide to understanding how and why JavaScript behaves the way it does. Master the inner workings of JavaScript by learning in detail how modern applications are made. In covering lesser-understood aspects of this powerful language and truly understanding how it works, your JavaScript code and programming skills will improve.

You will learn about core fundamentals of JavaScript, including deep dives into functions, scopes, closures, and practical object-oriented code. Mark Daggett explains clearly how closures, events, and asynchronous code really operate, as well as conventions and concepts to write JavaScript in a clear, pragmatic style. Many of the changes in ECMAScript6 and its implications are all explained. You'll be introduced to modern workflow tools to make application development faster, more enjoyable, and ostensibly more profitable. You'll understand how to measure code quality and write more testable JavaScript, and finally you'll learn about real-world applications of JavaScript, including JavaScript-powered robots.

JavaScript is one of the most powerful languages on the web today, and it is only getting stronger. This book will take you through the process of planning, coding, testing, profiling and finally releasing your application, at expert level. With more frameworks and more improvements than ever, now is the time to become an expert at JavaScript. Make this journey - use *Expert JavaScript* today.

What you'll learn

- What is really going on underneath functions, in arguments, types, coercion, and scope
- How closures, events, and asynchronous code work at a fundamental level
- How to understand advanced topics including promise objects, coroutines, and generators
- How to apply this newfound knowledge pragmatically to build the very best modern JavaScript applications

Who this book is for

This book is for the experienced JavaScript programmer who wants to understand the how and why of their code in order to become a better developer. This book is not intended to teach JavaScript at a syntactical level, but instead delve deep into the code - the philosophy, the reasoning and the detailed expert-level knowledge behind it. This newfound knowledge will enable the reader to build the very best modern JavaScript applications. It is for anyone who wants to become a better programmer by understanding at a very high level how the code works.

From reader reviews:

Steven Maravilla:

Exactly why? Because this Expert JavaScript (Expert's Voice in Web Development) is an unordinary book that the inside of the guide waiting for you to snap this but latter it will zap you with the secret the item inside. Reading this book adjacent to it was fantastic author who write the book in such remarkable way makes the content within easier to understand, entertaining technique but still convey the meaning entirely. So , it is good for you because of not hesitating having this anymore or you going to regret it. This amazing book will give you a lot of gains than the other book get such as help improving your proficiency and your critical thinking technique. So , still want to hold off having that book? If I have been you I will go to the reserve store hurriedly.

Danielle Rhodes:

Playing with family in a park, coming to see the coastal world or hanging out with close friends is thing that usually you have done when you have spare time, after that why you don't try factor that really opposite from that. A single activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love Expert JavaScript (Expert's Voice in Web Development), you may enjoy both. It is very good combination right, you still need to miss it? What kind of hang-out type is it? Oh seriously its mind hangout folks. What? Still don't obtain it, oh come on its referred to as reading friends.

Vincent Erickson:

Your reading 6th sense will not betray you, why because this Expert JavaScript (Expert's Voice in Web Development) book written by well-known writer whose to say well how to make book which might be understand by anyone who all read the book. Written throughout good manner for you, dripping every ideas and publishing skill only for eliminate your own hunger then you still question Expert JavaScript (Expert's Voice in Web Development) as good book not just by the cover but also from the content. This is one e-book that can break don't ascertain book by its protect, so do you still needing an additional sixth sense to pick this kind of!? Oh come on your reading sixth sense already alerted you so why you have to listening to yet another sixth sense.

Norma Harrell:

Reading a publication make you to get more knowledge as a result. You can take knowledge and information originating from a book. Book is composed or printed or illustrated from each source which filled update of news. In this modern era like today, many ways to get information are available for a person. From media social such as newspaper, magazines, science book, encyclopedia, reference book, story and comic. You can add your knowledge by that book. Ready to spend your spare time to spread out your book? Or just searching for the Expert JavaScript (Expert's Voice in Web Development) when you required it?
