Baal

Robert McCammon

Baal Robert McCammon

Baal was Robert McCammon's first novel, a debut that would lead to some of the finest popular fiction of our time. Written at the age of 25 and published as a paperback original in 1978, it has been out of print for years. This deluxe new edition from Subterranean Press will give McCammon's many readers--both newcomers and longtime fans--the opportunity to trace the development of an extraordinarily talented man.

The story begins with a horrific rape on the streets of New York City. Nine months after that violation, a most unusual child is born. His name is Jeffrey Harper Raines, but he quickly assumes his true name--and true purpose--as Baal, a new incarnation of the ancient prince of demons. The narrative recounts his lethal progress through the 20th century, which begins with the destruction of his earthly 'family.' From there, Jeffrey/Baal moves to a doomed Catholic orphanage, where he unleashes carnage on an unprecedented scale, then out into the wider world, where he embraces his destiny as the Prophet of the Damned, generating a legacy of chaos, violence, and despair.

Baal is very much a young man's book, raw and brimming with emotion. Listen closely and you'll hear the voice of a gifted storyteller struggling to be born. In 1980, the career that would encompass *Swan Song*, *Boy's Life*, and *The Five* still lay waiting several years down the road. This is where it began.
