If you find one that you see yourself in then you have taken the first step to healing and becoming an easier to get along with person. Many times people are difficult to get along with because of hurts, pains, abuse and other things that happened in tough childhood. They become difficult to get along with as a way of protecting themselves from being hurt more. They also don't really like themselves, so they hurt others as a way of making themselves feel better. The only problem is that it doesn't work and in the end they become more and more hurt and more and more difficult to get along with. Now if this isn't you then be thankful because you are in a pretty good place emotionally and you are truly just dealing with difficult people on their end.
