The Far Time Incident Neve Maslakovic

Thanks to the time travel lab at St. Sunniva University, history is no longer a mystery. But when the beloved co-inventor of the university's time machine is inexplicably smeared across time, academic exploration and the future of St. Sunniva is thrown into doubt.

As assistant to the dean of science, Julia Olsen is tasked with helping Campus Security Chief Nate Kirkland quietly examine this rare mishap...then, just as quietly, make it go away. But when the investigation indicates that the professor's disappearance may have been a murder, those inspecting the incident unwittingly find themselves caught in a deadly cover-up ? one in which history itself is the weapon.

From the snow-blanketed walkways of St. Sunniva's campus to the sun-bleached cobblestone of ancient Pompeii's roads, *The Far Time Incident* is a lively romp through history, science, and the academic world in the wake of a crime.
